## More To Do on B&A

By Barbara Klementz

Time is drawing near for our most important fund raiser of the year, our Book & Author Luncheon. While most of the details have been worked out, there is more to be done, and these small details are no less important.

Remember to drop off your auction items at my home, 8102 Briar Creek Drive, Annandale. However, if you plan to take these items to the luncheon, please let us know in advance just what you plan to contribute. A brief description of the item should be included on a card.

In addition, all donors should include their desired price on each contributed item before dropping it off.

We have a list of businesses which have made contributions in the past. If these could be contacted, it would certainly boost our auction receipts. When you are out and about visiting your favorite haunts or meeting with other groups, tell them about our branch and the B&A, and give them a flyer. Proudly explain how AAUW is contributing to the community.

We are still looking for another owner of an iPhone. We need help with our new credit card system. The device will be used only at B&A, and nothing will remain on your device once the event is over.

Hope you have all been able to download a flyer from your computer and pass it on.

People are enthusiastic about the B&A and like hearing about it.

I look forward to seeing you on Saturday, November 3 and another bright autumn day with five interesting authors.

## October Branch Meeting

By Leslie Vandivere

Fairfax City's first branch meeting of the year was a potluck lunch on Kay Corbett's back deck overlooking her beautiful garden, followed by a presentation about the Children's Science Center, a museum being planned for Northern Virginia. Did you know that Northern Virginia area is the largest metropolitan area in the United States without a children's museum?

Kay Corbett and Nene Spivey

The Center's Board Chair Nene Spivey explained that the Center is currently operating as a museum without walls, providing interactive science activities and programs for children ages 2-12 and their families at schools and community events. In addition, "Imagine Their Future" events, a virtual tour and program, are held every few weeks in the Reston area to provide information about the planned museum.

Welcome to the Party!  
Charlene Comtois and Ann Slomski

The mission of the Children's Science Center is to excite children about science, technology, engineering, and math by making these subjects fun and enabling children to learn through play. Supporters of the Center are raising funds and working to secure a site of about 40,000 square feet. Information about their progress, plans, and events are at [www.TheChildrensScienceCenter.org](http://www.TheChildrensScienceCenter.org). Check the website also to sign up for their newsletter, volunteer to help, or make a donation.

Many thanks to Kay for arranging the program and being our hostess on a beautiful fall afternoon!

### Sex Trafficking in Virginia

AAUW Mt. Vernon invites you to a presentation on Sex Trafficking in Virginia by State Senator Adam Ebbin on Thursday, October 11, 7:00 p.m. to 8:45 p.m. at the Sherwood Regional Library, 2501 Sherwood Hall Lane, Alexandria, Virginia 22306.

In 2010, police and social agencies received 5,701 referrals for sexual abuse in Virginia, including shocking incidents of child sex trafficking in Northern Virginia. The average age of sex-trafficking victims is between 12 and 14 years of age.

Senator Ebbin was the prime sponsor of State Senate Bill 259, approved on March 21, 2012. The bill brought together the Department of Education and the Department of Social Services to develop awareness and training materials for parents, counselors, teachers, community leaders, and the general public.

Please bring friends and neighbors to hear Senator Ebbin discuss a new and important

Virginia law on prevention of sex trafficking of minors. He will discuss the history of this surprisingly widespread issue and strategies for preventing child trafficking in our state.
